公司介绍
Company Presentation

ABOUT US 公司简介

Mate Technology Shenzhen Limited focus on professional computer peripherals for most Industrial, Medical, Military applications. We dedicate to serve clients with our rich experience and profession of know-how, strong control of quality and innovation on our products.

深圳市米拓实业有限公司致力于为行业客户提供人机交互解决方案，产品包括键盘/鼠标/摇杆等，是集研发、生产、销售为一体的高新技术企业。公司拥有一批具有丰富行业经验的研发工程师团队，能为不同行业的客户提供精准方案和设计。

Client satisfaction is our main goal. We provide flexible, cost-effective solutions for demanding applications by rapid service. We will work closely with our clients from 0 to 1 and listen to all their thoughts throughout the whole case from concept to production. Whatever your requirements, we will make sure everything is in sight with the highest level of accuracy.

产品主要包含不锈钢键盘，加固键盘，嵌入式键盘，薄膜键盘，硅胶键盘，硅胶鼠标，轨迹球，触摸板，工业摇杆等，应用范围涵盖了工业，军工，医疗，医药，海事，石油化工，航空航天，食品饮料，自助终端，车载等对键盘/鼠标/摇杆的防水、防尘、防油、防细菌、防暴、抗干扰、抗振动等性能要求严格的各种行业。

Made by professional, made by Mate Technology.
专业制造，制造专业！

BENEFITS 米拓优势

Below are the benefits you can gain from us
您从中能获得什么？

Well trained sales service team with fast response ability
高效、训练有素的业务团队能快速答复您的疑问

Rugged and reliable standard products
安全可靠、坚固耐用的工业摇杆控制产品

Small orders/trail orders available with prompt delivery
支持标准品小批量试单

Various products which can meet different applications
产品种类多，可满足不同客户需求

Worldwide services and shipments
全球服务、出口世界各地

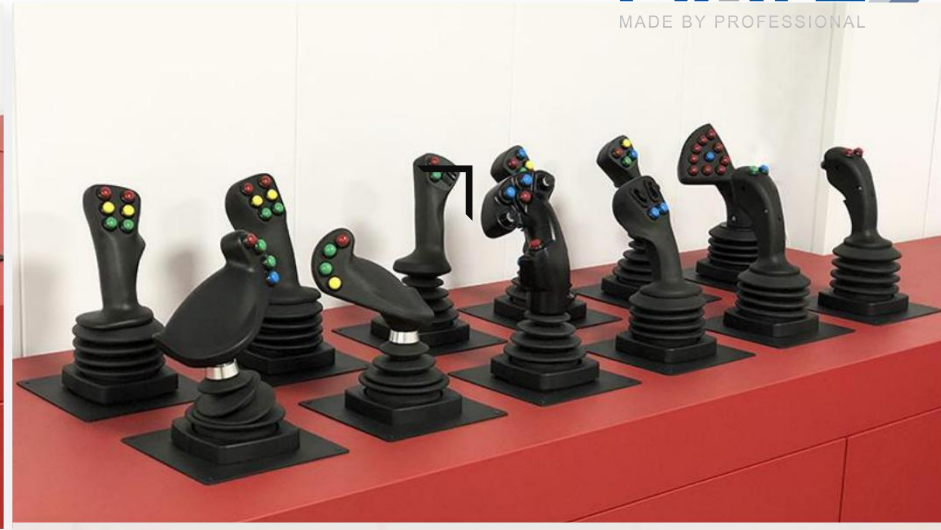

Customization project available
可为客户量身定制产品

研发团队

”

- 5 R&D Technical Engineers
- Structural engineer with more than 10 years rich working experience
- Invest 20% of sales revenue every year for new product research and development
- Modern product testing laboratory is a strong guarantee of product quality

PRODUCTS

INDUSTRIAL
JOYSTICKS

THUMB JOYSTICKS

FINGER JOYSTICKS

HAND JOYSTICKS

HAND JOYSTICKS

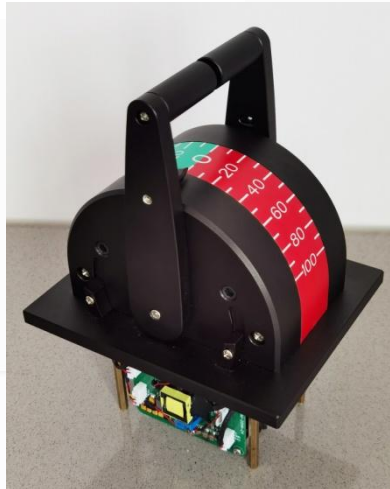

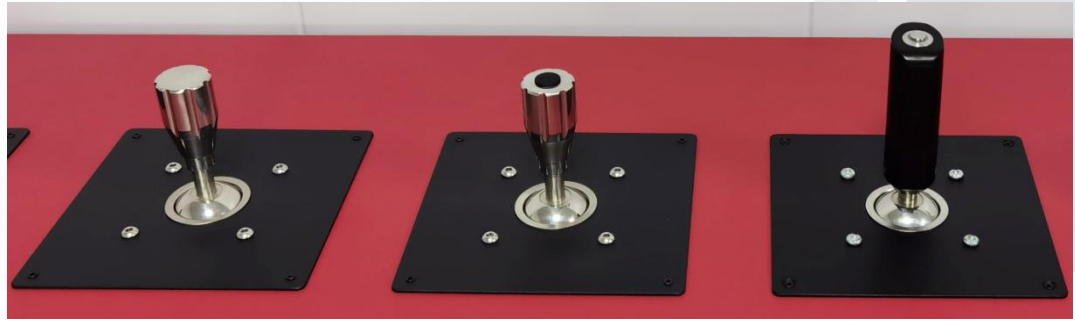

DESKTOP JOYSTICKS

Wireless Joystick Station for remote control

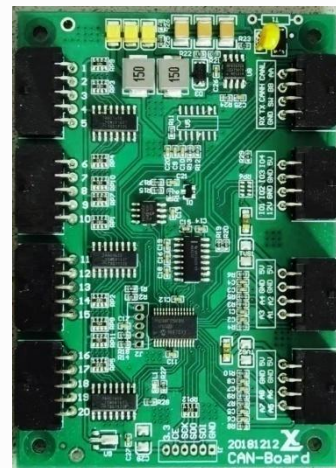

MARINE/NAVY JOYSTICKS

APPLICATION SOLUTION

3-axis rocker
servo motor
controller

Armrest box
CAN board

UAV ground station
USB board

SOLUTION

Military Drone Ground Station

Application on National Key Projects

APPLICATIONS

1. Application field of industrial joystick

- 1.1 Construction machinery
- 1.2 Agricultural machinery
- 1.3 UAV
- 1.4 Ships
- 1.5 Medical equipment machinery
- 1.6 Two-dimensional
- 1.7 Industrial machinery

2. Control panel

- 2.1 Live video
- 2.2 Video conference
- 2.3 Video surveillance
