

MKF-JS59

Mate Industrial Joystick, Hall effect, Multi axis, Left / Right hand, Panel Mounted

DESCRIPTION

MKF-JS59 is a multi axis Hall-type industrial joystick, instrument panel installation method, stainless steel and aluminum alloy materials, spring automatic return structure, German high-precision Hall-type sensor, full temperature range linear correction, IP65 protection level, smoother operation Feel, ergonomic mechanical design. reliable for long life span usage. This joystick is widely used in TV camera, CCTV, industrial robot, medical equipment, optical instrument, heavy-duty and safety-critical applications.

SPECIFICATION

Button	multiple button/rocker switches optional
Axis	1 or 2 axis
Positioning	same as the hydraulic control, spring automatically return to center
Operation range	Straight, cross, square or customized
Operation Angle	±20°
Power Supply	DC5V, 9-36V(Optional)
Signal Output	Analog voltage 0.5-4.5V, RS422, RS232, CAN, USB, switch signal
Life Span	5 million operating cycles
Material	Aluminium alloy, stainless steel
Degree of protection	IP65
Operation Temperature	-40°C to +70°C
